MAJORITY LEADER MONTENEGRO GIVES STATEMENT OF SUPPORT FOR SENATOR BEGAY

STATE CAPITOL, AZ (Monday, November 23, 2015) – This afternoon Majority Leader Steve Montenegro made the following statement:

"Leadership is action, not position."

"True leadership demonstrates itself when an individual makes decisions that may not always be popular, but are in the best interest of those they serve. Today we saw a leader do just that.

I want to welcome Senator Carlyle Begay, a longtime friend and colleague, to the Republican Party. It takes courage to stand up and make a change when you see something is not working, something I have watched Senator Begay do on behalf of his constituents time and again. This is a real win for the State of Arizona."
